

# 2022 BEAZ Activity Report

BEAZ is driving better and great economic activity in the province, by means of strengthening the relationship with entrepreneurs, companies, knowledge generation centres, clusters and other stakeholders of the entrepreneurship and innovation ecosystem.

It provides a balanced response to the needs and opportunities of all those stakeholders in the territory and with a special focus on the trends related to the three transitions (digital, energy & environmental, and social & healthcare).

# Focal Point 1.

Bizkaia, the best place  
to do business and  
grow

## BEAZ ACCELERATION PROGRAM

Acceleration programme aimed at the startups of Bizkaia with greatest growth potential, with an ambition to grow and a scalable business model.

 **42**  
registered startups

 **12**  
finalist startups

**5**  
selected companies

### ANJANA

#### Sector: **Big Data**

Technology startup proposing a disruptive data governance solution. Fosters the data democratisation by means of an approach focused on metadata and its operation in an interactive and collaborative setting to guarantee comprehensive control and regulatory compliance.

### INNOMY BIOTECH

#### Sector: **Foodtech**

Biotech startup focused on the development of fermented food platforms, using different species of bio-secure fungi, without genetic modifications, and currently regulated by the European food codex.

### FISIFY TECHNOLOGY

#### Sector: **Wellbeing**

Startup in the wellbeing field that offers the best recovery experience from musculoskeletal injuries. It is a 100% automated tool using Artificial Intelligence created by healthcare professionals to help patients in their recovery process, from the moment of their injury to full recovery, based on state-of-the-art technology.

### SIX TO GO SOLUTIONS

#### Sector: **Automation**

Industrial startup that seeks to perform a paradigm change in the current approach to manufacturing and managing lithium batteries. Its mission is to research and develop a new generation of 2nd life batteries, thus reducing the amount of lithium waste and facilitating the recycling process, meaning that great value will be obtained from waste.

### AI LABS GROUP

(LEGIT.HEALTH)

#### Sector: **Health (AI)**

Startup in the health field that offers an artificial intelligence platform that, in addition to diagnosing, uses smartphones to automatically measure the severity of skin diseases.

#### So far: hours of training

**221h** hours dedicated to the general programme

↳ **57h** per startup

**5** plenary sessions of the Advisory Board

↳ **2** sessions per startup

**25** individual sessions of the Advisory Board

↳ **5** sessions per startup

**4** IE training sessions

## SUPPORT WITH INVESTMENT ROUNDS

Itinerary for training and access to private financing for Bizkaia startups.

### Training

**45** Companies signed up for training

↳ **20** Companies selected for training

### Bizkaia Investment Forum

**34** Startups registered for the Financing Forum Pitch

↳ **8** Startups selected

**96** Investors participating in the Financing Forum

List of startups selected to present their pitch at the Financing Forum:

- > **5&1 Healthtech Innovation S.L.**
- > **EscapeUp Experiences S.L.**
- > **MOTMO**
- > **Nanokide Therapeutics**
- > **Roble Academy S.L.**
- > **Roseo Eolica Urbana S.L.**
- > **RV Tickets**
- > **Yuït**

## EIC ACCELERATOR

The EIC Accelerator is a key instrument of the Horizon Europe programme, designed to support disruptive innovative projects that are game-changing in SMEs and startups. This service aims to publicise the aspects of the programme, along with offering individual advice that helps Bizkaia companies to access financing.

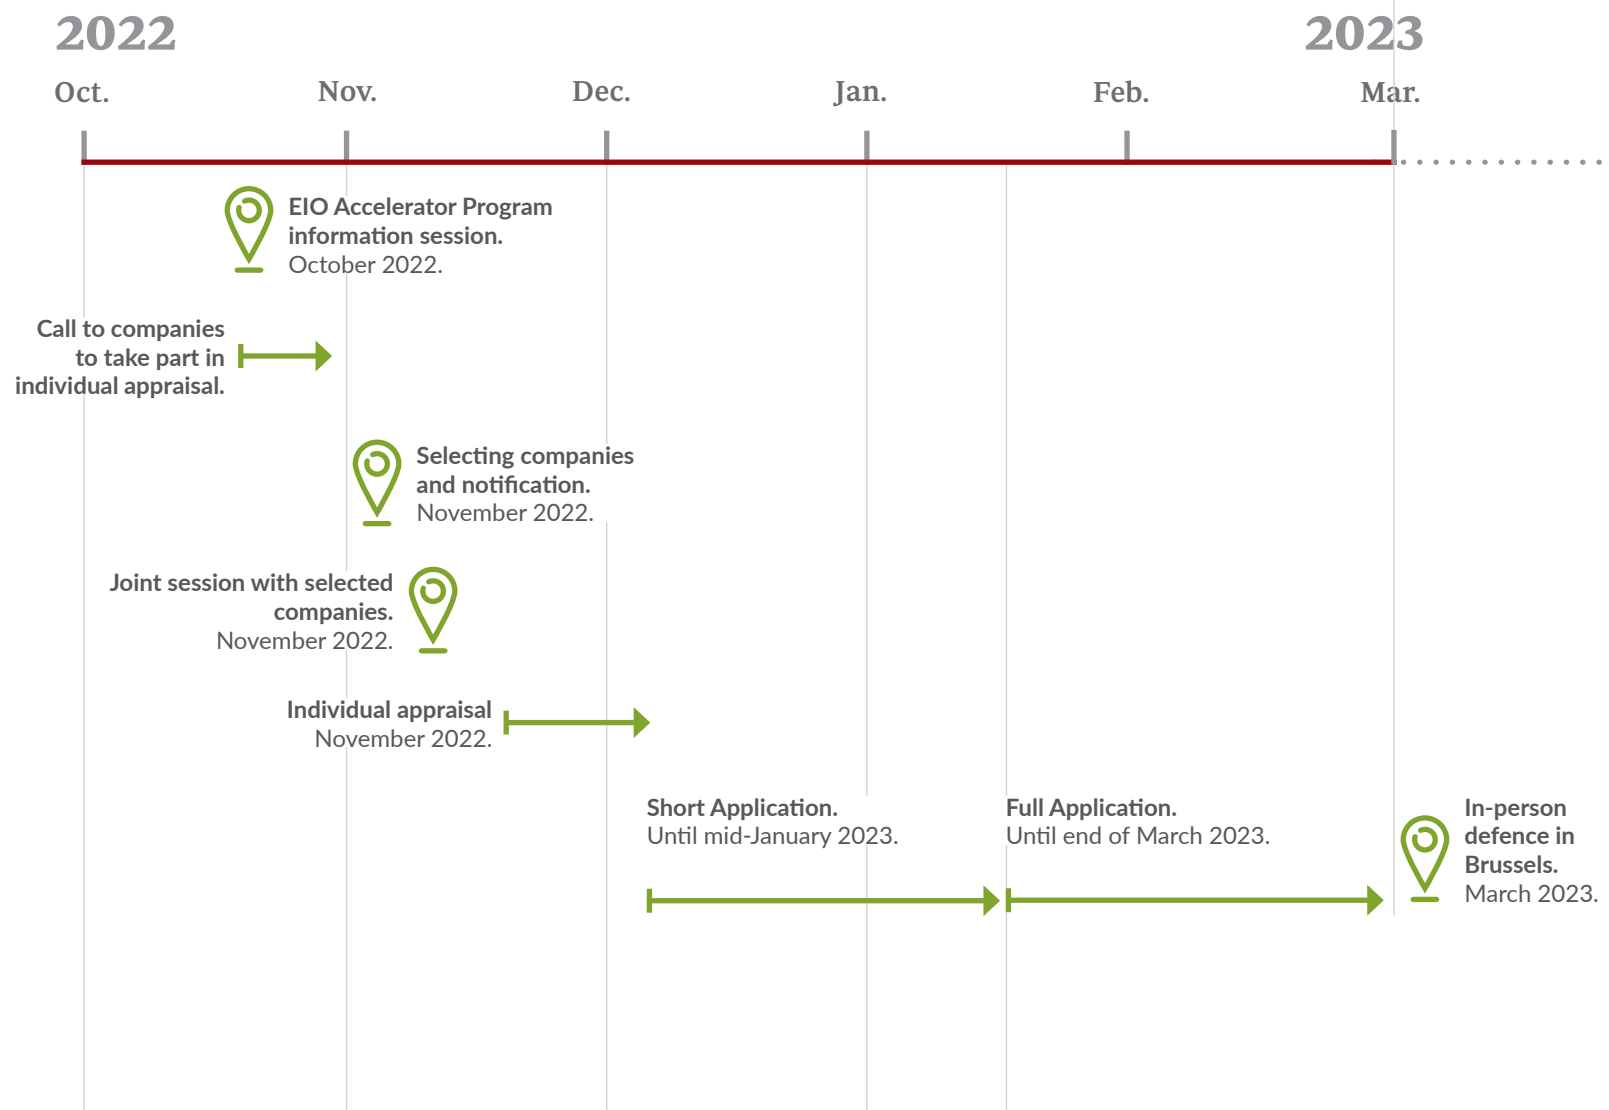

13

*Companies attending  
EIC Accelerator  
general training*

*Companies participating in  
individual appraisal:*

- > **Basque Pay**
- > **Grabit Retail**
- > **Inforpyme Servicios Informáticos**
- > **Jeekjee Project**
- > **Kuvu Homesharing**
- > **Raycom Connect**

## SUPPORT SERVICES FOR THE GROWTH OF COMPANIES

### Data analysis and BCAN mathematical modelling advisory services

**11** applications

**6** participating companies

#### Data analysis

**Biomechanics and ergonomics**

**Articsea**

**Serikat Consultoría e Informática**

**Didakter**

#### Fluid dynamics

**Nautilus Floating Solutions**

**Arrecife Energy Systems**

### NextGenerationEU Funds

#### Refresher seminar

> **65** companies attended

> **53** companies signed up in the service

*Each company indicates on the registration form of the service the sectoral working groups (WG) in which it is interested. 8 WGs created*

#### Sectorial WGs

> VEC: **17** companies

> Energy and Hydrogen: **32** companies

> Circular Economy: **34** companies

> IA: **29** companies

> Pharma: **21** companies

> Agro: **12** companies

> Aviation: **8** companies

> Shipbuilding: **7** companies

#### Working Groups (WG) revitalisation in priority sectors

Cross-cutting calls (online):

> **Circular Economy PERTE (economic recovery & transformation strategic project) webinar** was held online on 15/06 (23 delegates)

*As cross-cutting calls of areas regarding the PNRR (National Recovery and Resilience Plan) (missions, PERTE, etc.) have been published, preparatory webinars have been organised with the interested parties.*

> **Circular Economy PERTE workshop** was held on 22/11 (13 delegates and 11 companies)

> **Revitalisation workshop: 1** with the Energy and Hydrogen WG, 11 companies attended

*Energy and hydrogen as one of the priority sectors was chosen as the theme.*

#### Newsletters

**11** newsletters

## SUPPORT SERVICES FOR THE GROWTH OF COMPANIES

### Intraentrepreneurship Service and New Business Models

7 participating companies:

- > **Ariadna Grid**
- > **Zabalandi**
- > **Zunibal**
- > **Versa Home**
- > **Osatu**
- > **Uraldi**
- > **Hiblab**

29 opportunity scenarios detected

7 opportunity scenarios prioritised and developed

7 success stories documented

7 information videos generated

### Innovative Public Procurement (IPR)

29 participating companies in 1st awareness-raising session

9 participating companies in training route

9 selected companies for customised coaching

- Welsh Government (UK).

Interregional dissemination event

## Programme

Interreg Europe.

## Description

The European project seeks to learn about and from the experience of the multilevel governance models of different EU regions..

## Budget

**1,874,632 €**

## Phases

**1st phase (two years: 08/19-01/22)\*:**

Pooling experiences. Smart Territorial Map. Preparing a Regional Action Plan (RAP), focused on multilevel governance models of the Smart Specialisation Strategy-S3.

**2nd phase (one year: 02/08/22-01/23):**

Implementation of the plans

## Current status

Phase 2 was implemented during 2022 and that involved the deployment of regional action plans defined by each partner. The aim of those plans is to impact and improve the policies chosen at the start of the project, by means of the lessons learnt during it.

In December 2022, the last project trip to the region of origin (Bizkaia) was held. During the two-day programme on 14 and 15 December, the participants had the opportunity to take part in different activities related to the project. Special mention should be made to the last management meeting of the project and the final interregional dissemination event scheduled for 15 December, when the project partners set out the main results and lessons learnt during Cohes3ion. That meeting was attended by a total of 112 people, 26 on site and 86 online, from institutions of the different partner regions.

The project, which began in August 2019, ends on 31 January 2023. During the remaining time, the partners will focus on preparing the final justification of the project to receive the Phase 2 amount (€136,000) and its administrative closure.

## BIZKAIA OREKAN SAKONDUZ FORUM

Bizkaia Oreakan Sakonduz Topaketa forum seeks to strengthen the relations between all the stakeholders and institutions forming part of the Bizkaia Oreakan Sakonduz network. We work together to define initiatives to boost the competitiveness of the companies of all the supramunicipal districts of Bizkaia in a balanced way. This year's event, held in the BEC auditorium (Barakaldo) on 14 December, in addition to presenting the progress during the year and the main results since the implementation of the strategy, included a roundtable on the important role of the economic promotion agencies as catalysts for competitiveness and innovation in their supramunicipal districts, when the accounts of the agencies, companies and other stakeholders were showcased. In order to continue to be committed to working together as the way to reach out to companies and entrepreneurs and to bolster economic activity able to generate quality employment in each corner of our territory.

## BILBAO BIZKAIA FILM COMMISSION

The new tax incentive passed by Bizkaia Provincial Council aimed at fostering the audio-visual sector and culture came into force on 1st January 2023. It will be a key instrument to boost the strategy of the city and the province to be positioned as a competitive, attractive and preferential destination to produce feature films, short films, and documentary, animation and fiction series.

The outlook for 2023 is positive. Great interest has been detected in the strengths of the city and province as film locations, mainly down to the new incentives policy.

## BIDC - DWEEK

**Dweek 2022: 17 November to 27 November.**

The BBDW (Bilbao Bizkaia Design Week) is the main design event in the Basque Country and a highlight of the calendar in the whole of Spain.

The 2022 and 2023 BBDWs, curated by ColaBoraBora, are going to focus on listening and contributing to the setting up of the design and creativity ECO-SYSTEM in Bilbao-Bizkaia, with the emphasis on innovation and cooperation. The aim is to showcase Bizkaia's creative stakeholders, highlight their diversity (types, sectors, track records, etc.) and to foster symbiotic and mutual relations, both between the creative sectors as such and other social and economic areas.

BBDW22, under the title of ERRESONANTZIA, was focused on "the EC[H]O", as a vibrant acoustic listening and reverberation phenomenon.

## SHOWCASING THE ECOSYSTEM OF STARTUPS. B VENTURE 2022.

**b-venture**  
18-19 OCT 2022

On 18 and 19 October, the VI B-Venture was held at the Euskalduna Conference Centre and Music Hall. The investment forum was organised by El Correo, and in which Bizkaia Provincial Council took part as a sponsor and BEAZ as an associate.

The selected companies had their own stand, received training and presented their projects to the investor groups at the event onsite.

Beaz involvement:

- > Selecting the startups shortlisted to take part in the event (9 from Bizkaia out of the 25 finalists from all over Spain)
- > For the fourth year running, participation in coordinating the V BIC START UP DAY and participation in the Block 1 Industry/ Energy presentation and roundtable. Likewise, participation in the parallel sessions with a paper entitled "Beaz Acceleration Program: actions and account of a public-private experience in accelerating startups".

**25 startups taking part**

**9 of the selected startups were from Bizkaia.**

  - Prize ceremony: 12 December.

## AGREEMENT WITH STARTUP WISE GUYS

Bizkaia Provincial Council, through Beaz and Seed Capital and the Estonian Startup Wise Guys (SWG) accelerator have signed a partnership agreement to deploy an acceleration programme of international digital startups, which will be run at BAT between October 2022 and March 2023.

14 startups selected for the first edition of the programme.

The acceleration programme includes:

1. A 6 to 8 week stay in Bizkaia with space at BAT.
2. Training content aimed at accelerating entrepreneurial projects.
3. Investment by SWG of up to €100,000 in the participating startups, which may be complemented with co-funding of up to €100,000 by SeedCapital Bizkaia.

| Name         | Origin         |

## DEUSTO - BIZKAIA GLOBAL ENTREPRENEURSHIP NETWORK

Joint initiative of Deusto University and Bizkaia Provincial Council, which seeks to identify and attract talent from Latin America to Bizkaia; talent that can be involved in boosting and accelerating innovation areas of leading companies of Bizkaia.

In 2022, universities from Argentina, Chile, Colombia, Guatemala, Mexico, Peru, Uruguay and Venezuela signed up to the project.

### Support in attracting trail-blazing companies to incorporate talent from the network in the 2022/2023 edition.

- > Initial selection of 107 companies to be told about the initiative.
- > Individual meetings with 18 companies with potential interest.
- > Recruiting 8 companies and 9 individuals, 5 women and 4 men (4 from Colombia, 3 from Mexico and 2 from Argentina).

| Entity                | No. of persons incorporated |
|-----------------------|-----------------------------|
| Semantic Systems      | 2                           |
| Innomy Labs           | 1                           |
| Worldpats Mobility    | 1                           |
| Satlantis             | 1                           |
| Arteche               | 1                           |
| EIT Food              | 1                           |
| Biolan                | 1                           |
| Shackelton Innovation | 1                           |
